Notice Concerning Acquisition of Asset

Japan Rental Housing Investments Inc. (hereafter referred to as the "Investment Corporation") hereby announces that it has decided at a meeting of its Board of Directors held earlier today to acquire the following asset under management (hereafter referred to as the "Acquisition"). Details are provided below.

I. Basic Policy

In order to distribute stable profits to investors over the long term, the Investment Corporation will aim for continued growth of the asset size and increase of the portfolio's quality by (1) acquiring new properties in the Tokyo metropolitan area centering on the 23 wards of Tokyo (over JPY1bn per property as a general) as well as new regional top-class properties outside the Tokyo metropolitan area (over JPY1bn per property as a general), and (2) selling primarily small (especially properties below JPY500mn) and relatively older properties outside the Tokyo metropolitan area to increase management efficiency.

II. Reasons for the Acquisition and Details of the Proposed Acquisition

The property to be acquired is located in an area adjacent to central Nagoya City, where the population continues to increase, and is a Family type property with a total of 70 units (2LDK: 14 units, 3LDK: 42 units and 4LDK: 14 units) and excellent convenience. The Investment Corporation decided on the investment after having comprehensively considered the profitability of the property, the building age as well as the property's characteristics, and as a result, judged that the property to be acquired would be an appropriate fit according to the criterion outlined in the Basic Policy above. With the Acquisition announced today, the total asset size is expected to reach approximately 181.9 billion yen for the 187 portfolio properties (acquisition price base, total of 11,155 units) including acquiring assets announced on November 8, 2013.
